## Projects

### Portfolio Website

Programmed a portfolio website by coding HTML, CSS, and JavaScript into Atom.

### Global Mart

Created a responsive web app for an international grocery store mockup. This was done by creating a user flow with Figma, sketching a low-fid wireframe, and making mid and high-fid wireframes with Adobe XD.

### Stride

Developed a fitness mobile app mockup that lets users find safe paths for exercise. Created by analyzing similar mobile apps, developing a user flow with Figma, and making two different wireframes using Adobe XD.
